

We believe that it's been way too hard for way too long for businesses to find the right skilled labour to match the job requirement.

So we've built a platform that removes the wasted time, and heartache, for both employers and applicants. The game's changed - welcome to a world where the right skills find the right job in an instant!

### Indicators that it's time to change the way you find your skilled talent:

- We spend more than 2 hours confirming the job brief and preparing the job ad
- It's time consuming to complete all the necessary qualifications and reference checks
- We spend more than 4 hours reviewing applications
- An important skills gap is identified AFTER the candidate is hired
- It's difficult and time-consuming to compare non-standardised CV's
- Short-listed candidates are lost to other employers before our offer is made

### What would make your search easier?

- A quick 'click' for new job posts
- Templating of skills for jobs
- Standardised CV's for easy comparison
- Matching and ranking of applicants to roles with Instant Shortlisting
- Online view of supporting credentials
- 3rd Party rating of skills and performance

### Employers LOVE...

#### INSTANT SHORT-LISTING

Our world first SkillsMatch™ engine matches the specific skills of the candidates to the specific skills requirements of the job.

With visual 'traffic lighting' you can see the hit/miss by specific skills and there's even a % match score - ranking candidates by best fit. It's 100% transparency for everybody.

#### 3RD PARTY RATINGS

CVs are enriched with supervisor assisted ratings on stated skills. Providing more independent, accurate and specific feedback than referees.

#### VISUAL HISTORY™

We are able to visually depict skills experience in pie graphs. Seeing what skills have been used in which industries. Taking the guesswork out of creating the shortlist and allowing you to hone in on candidate strengths faster than ever before.

### Trades People LOVE...

#### IT'S THE SPECIALIST JOB BOARD FOR THE TRADE

With over 2000 new jobs being advertised every week, pulled in from sites all over the web, we really are the only place you'll have to look for your next job.

#### THE ONLY CV YOU'LL EVER NEED

Imagine your CV lived in the cloud. Was easily updated with new experience, tickets, photos and qualifications. Safely shared in a single click and was always at your finger tips. Imagine no more.

'Apply now' really means now when you've GotSkill.

#### STATUS TRACK

Never feel left in the dark again as you can track the progress of your application in real time - any time.

Our purpose is to level the playing field, so *the right skills get the right job*

## So what's GotSkill SkillsMatch™ ?

Our world's first SkillsMatch™ algorithm matches the specific skills of candidates to the specific skills requirements of the job. The speed and simplicity of our cloud based solution ensures the shortlisting process is simple, accurate and transparent for both the employer and the candidate.

It's still your decision, but with SkillsMatch™ working for you, you get the right candidates with the right skills, fast.

Backed by our unbeatable SkillsMatch™ Engine

## 3 Simple Steps to Hire Right

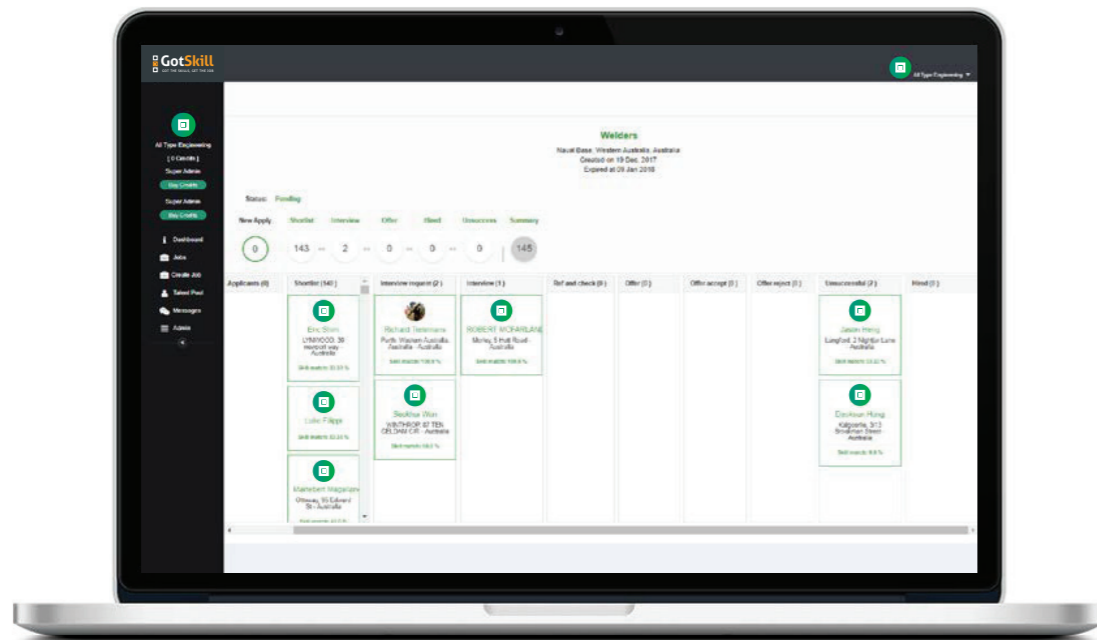

**1** The Hiring Manager uses the GotSkill Dashboard to create & publish their new Job Ad.

**2** Applicants respond to the Job Ad using their GotSkill Profile.

**3** The Hiring Manager views and manages job applicants in real time in a MATCHED & RANKED format on their GotSkill Dashboard.
